

AI ADVANTAGE READINESS PROGRAM

Accelerate your AI transformation with a clear path to enterprise execution

Many enterprises struggle to move beyond AI experimentation—uncertain how to prioritize use cases, align teams, or build the capabilities needed to scale. The **AI Advantage Readiness Program** addresses this gap with a focused, 6–8 week engagement that **turns fragmented efforts into a unified, strategic plan**. Through deep assessments and collaborative planning, we help you **define maturity goals, map high-impact use cases, and build a roadmap** that connects AI to your business imperatives.

-  **Duration:** 6–8 weeks
-  **Designed for:** Senior Executives, Functional Business Unit Leaders
-  **Theme:** Roadmap & Strategic Execution Planning

WHAT WE DELIVER

- Discovery of current AI initiatives and cross-functional pain points
- Deep-dive assessment of:
 - Data infrastructure (quality, accessibility, pipelines)
 - Cloud infrastructure (elasticity, security, AI platform readiness)
 - Workforce readiness (skills, adoption mindset, resourcing)
- Tailored AI Maturity Model scorecard (as-is and desired states)
- Stakeholder interviews, needs and gap analysis
- Existing vendor analysis and impact assessment
- Strategic use case portfolio with prioritization and ROI modeling (cost savings, revenue lift, risk reduction)
- Business case development for high-impact use cases
- Strategic AI Transformation Roadmap, including:
 - Capability buildout plan (data, people, process)
 - 90-day implementation plan

BENEFITS TO YOUR BUSINESS

- Enterprise-wide clarity on how AI supports business goals and where to invest
- Alignment across leadership on priorities, capabilities, and next steps
- Accelerated path from experimentation to execution
- Greater confidence in scaling AI responsibly—with a clear case for value
- A foundation for long-term transformation, not just short-term wins

UNCOVER ANSWERS TO YOUR TOUGHEST QUESTIONS

- How do we transition from isolated AI experiments to an enterprise-wide AI execution strategy?
- Which parts of our existing infrastructure and processes need upgrading to scale AI effectively?
- How mature is our AI capability today, and where do we need to be to maintain our competitive edge?
- How can we clearly prioritize AI investments that directly align with our strategic business objectives?
- What strategic roadmap and implementation plan should we follow to rapidly realize measurable AI-driven ROI?

WHY LOGIC20/20 FOR AI?

The right AI partner doesn't just know the technology—they know how to align it to your business, your culture, and your strategy. That's where Logic20/20 stands apart.

We help ambitious organizations move from AI curiosity to real, measurable transformation. With 20+ years of experience at the intersection of strategy, data, and execution, we bring a unique blend of vision, rigor, and action that drives results.

AI EXPERTISE THAT GOES BEYOND THE HYPE

- Deep hands-on experience in **GenAI, multi-agent AI, predictive analytics, and AI platform implementation**
- Proven delivery of **AI-powered tools** that automate processes, improve decision-making, and generate real ROI
- Advanced capabilities in **agentic AI** and **enterprise-ready AI integration**—not just chatbots, but full operational AI systems

ENTERPRISE-GRADE IMPLEMENTATION
